Absolute Safety

Safety or security of a bank (the same as of an individual or commercial business) consists of net worth above all indebtedness.

This Bank has assets at market value of \$3,772,057.17 Liabilities including amount due depositors are 3,159,023.91

Net Worth above all indebtedness* \$ 613,033.26 or nearly one dollar and twenty cents for every dollar that we owe, including amount due our depositors.

This Surplus—\$613,033.26—or nearly 20% above all indebtedness is the reason why we can with absolute safety guarantee an interest rate of 43/4 % per annum.

4 3-4% Interest Guaranteed

This bank paid interest at the rate of 4% per cent per annum to depositors in its savings department for the semiannual period ending December 31, 1921, and guarantees to pay the same rate for the semi-annual period ending June 30, 1922.

This Bank determines the rate of interest it can with safety pay to its depositors regardless of what other banks can, with safety, pay to their depositors.

This Bank welcomes any and all accounts-large or small-and pays taxes on all deposits,

Money deposited in our savings department on or before Thursday, April 6, will draw interest from April 1.

dollar-

Dumorite, the new Du Pont Farm Dynamite, has approximately the same strength as regular 40% dynamite and gives you equal work, stick for stick, under ordinary conditions. Thus Du Pont engineers have found a way to give you almost 1/3 more dynamite for your dollar.

You won't get a "dynamite headache" from using Dumorite and it will not freeze.

Think-this year, with Dumorite, you can clear nearly 1/3 more acres of stump land at the same cost you paid last year for dynamite, or you can clear the same amount as in 1921, at a saving of approximately one-fourth.

Let Dumorite help you make 1922 the biggest land clearing year of all-and let us help you figure the cost of your season's blasting work. We know that we can save you about onefourth-maybe more.
